

Our Privacy Policy

Use of Cookies

CAM HOTEL Web Site accepts the use of cookies. A cookie is a piece of information saved by the Internet browser (computer, tablet, mobile device, etc.) on the hard disk of the computer. It analyses and interprets the visitor movements and preferences that it monitors during the use of the site, through cookies, which are a technical communication file placed on the browser of your devices. These statistical data, which do not contain personal information, are used to provide guests with a more special and effective booking experience. Cookies provide statistical information about how many people use the website in a temporal proportion, for what purpose, how many times a person visits a website, and how long they stay. It is designed to generate advertisements and content dynamically from user pages specially designed for you, and is also used for these purposes.

As a company, we use first-party and third-party cookies.

Functions and Analytic

It contains data about reminding your cookie preferences, using the website effectively, optimizing the site to respond to user requests, and how visitors use the site. Due to their nature, these types of cookies may contain your username information.

Third Party Cookies

CAM HOTEL works with websites/mobile applications/mobile websites and third-party reliable and well-known advertising providers. Third party service providers place their own cookies in order to serve you specific advertisements. Cookies placed by third parties collect and process the browsing information of visitors on websites and analyse how they are used.

Commercial Cookies

In line with your interests and choices, it serves to increase your usage experience by presenting products/content that are similar to the product/content you are targeting and by offering a more advanced, personalized advertising portfolio. The above-mentioned cookies are kept in the background for approximately 2 (two) months, and you can make the necessary removals and changes from your internet browser settings. These removal and modification processes may vary depending on the internet browser.

Deleting the Cookies

Most browsers are set to "allow" cookies by default. By reviewing the help and settings menus of

your browser settings, you can terminate the use of cookies and delete existing cookies at any time.
